OmniSCSI 1-to-1

High-performance, Single Drive SCSI Duplication

The first mixed-master, high-speed, self-contained IDE/SCSI duplication system capable of duplicating an IDE or SCSI master drive to a SCSI target drive at speeds exceeding 2.3 GB/min. This revolutionary system is housed in a slim-line chassis and is self-contained with its own graphic LCD display and control panel.

No Monitor or Keyboard Required

Portable and Self-contained

Transfer Rate Exceeds 2.3 GB/min.

O/S Independent

Brand and Size Unimportant

Supports All SCSI Drives
(50/80 pin Optional)

Embedded Software
MirrorCopy™, CleverCopy™, MasterManager™ and Selective Partitions™

United States Government Approved

Made in USA
